

## Subject: Child Safety

Model of Care Outcome: 1 – Upholding Human Rights

## Purpose

This policy sets out how we promote child safety and wellbeing. It helps staff and volunteers to understand their responsibilities and reporting requirements to make sure [children](#) and [young people](#) are in safe environments.

## Policy Statement

We offer safe services and supports for children and young people.

The safety and wellbeing of children and young people who access or visit our services is important. We recognise that children and young people with a disability can be at higher risk of abuse and neglect.

Our staff and volunteers who work with children and young people are trained to keep them safe.

## Who is this policy for?

This policy is for:

- Client services that support children and young people
- Staff and volunteers who work with or might work with children and young people.

## Who is responsible for this policy?

All staff and volunteers must follow this policy and the related guidelines.

These key managers and teams make sure staff know what the policy says and what they need to do:

- Client services managers and leaders
- Senior Quality Manager
- Contact Team Leads – in particular the Children’s Contact Team Lead.

## Policy in Action

- This policy aligns with our [Model of Care](#) framework. The Model of Care explains how staff will provide safe services and supports to clients. We promote child safety by making sure:
  - our services and supports are in line with the [NDIS Code of Conduct](#)
  - we respect the dignity, values and rights of our clients and their families
  - we treat clients and families with respect and protect their privacy
  - staff only see clients’ personal and health information if they need to
  - we ask clients and their families to sign a consent form telling us how they would like us to share their information outside of CPA
  - if we wish to take and use photographs and/or videos, we will ask for consent
  - we give clients and their families clear information about our services, terms and conditions
  - we encourage children and young people to be involved in making decisions which affect them, along with their family/ [person responsible](#) where relevant
  - we respect different cultural traditions and different ways of bringing up children, while promoting child safety
  - we consider the culture and language of the child or young person and their family when planning and delivering services
  - we encourage feedback and complaints
  - we take every concern and allegation raised seriously, and believe children when they raise a concern or make an allegation

- we regularly screen staff and volunteers against relevant state and national registers, and screen job applicants during the recruitment process
- we make information available for children in ways they can understand. Our [Children's Rights at CPA](#) document is available on our website in child friendly format – see [Children's Rights at CPA – Easy Read](#).
- We take a **zero tolerance** approach to **child abuse**, **neglect** and **harm** and make sure:
  - we take all reasonable steps in line with our duty of care to keep children and young people safe from harm and provide a safe space to receive services
  - we have procedures to protect against abuse, neglect and harm and to check and support wellbeing
  - we train and support our staff and volunteers to
    - understand their responsibility to ensure a child safe environment
    - be aware of risks
    - respond to concerns about abuse, neglect or harm
  - we recognise that some children and young people may be more at risk of abuse or neglect and provide extra support to these clients if they need it (e.g. first nations or gender diverse children/ young people and those from a CALD background)
  - we have procedures for reporting and investigating incidents of abuse, neglect or harm (see [Client Incident Response, Reporting and Investigation Policy](#))
  - as required by law, we report to appropriate authorities any risks of harm involving children or young people, and any reportable incidents involving risk to their life, health or safety
  - we take action to stop the same kind of incidents happening again.
- Staff, volunteers and contractors at CPA must sign our [Code of Conduct](#) as part of their induction. They must act in line with the Code of Conduct.
- Staff and volunteers must do training (see the [CPA Learning Journeys](#)). Through this training they are made aware:
  - that the law says they must speak up about potential abuse
  - that they must protect clients from known risks

- of the possible legal action if they don't do this
  - of the reporting requirements in NSW and ACT – the law says some things must be reported
  - of child safe practices and how to respond if they hear of violence, abuse, neglect, exploitation or other harm against children.
- Managers are required to support their staff in reporting concerns and managing risks to children and young people.
  - Our [Children's Contact Team](#) is available 24/7 to respond to concerns about child safety and wellbeing. They can provide advice and support about these issues to staff, volunteers, or clients and family members.
  - When concerns are raised or incidents occur, staff follow the [Client Incident Response, Reporting and Investigation Policy](#) and report this as an incident (see [Client Incident Form](#)). This applies for issues about CPA service provision and also about other parties outside of and not related to CPA service provision.

## Definitions

*(Note: The meanings of words used a lot at CPA are located in the [CPA Common Definitions](#). The words in the list below are new and are only used in this policy and the other documents that are part of this policy).*

NIL.
