

Help co-design a pain education program for young people with cerebral palsy.

You can participate in any or all of these part of the study:

Online Focus Groups

Part 1

We want to hear your lived experiences and priorities for pain education

Online Delphi Surveys

Part 2

Online surveys to rank your priorities for what a pain education program should include

Online Workshops

Part 3

Help us create the prototype of the CP pain education program

➤ Young people and family member participants will be ➤
➤ reimbursed with \$30 vouchers for Part 1 and Part 3. ➤

We are looking for:

- Young people with cerebral palsy (aged 15 - 30 years)
- Family members of young people (aged 15- 30 years) with cerebral palsy
- Service providers working with young people (aged 15- 30 years) with cerebral palsy
