

ARE YOU THE PARENT OR GUARDIAN OF A CHILD WITH A MOBILITY ISSUE?

We want to know about your experiences

We are conducting a research project examining the experiences of parents and guardians of children who have mobility issues.

We are hoping to conduct an interview, either face-to-face or by telephone, to ask you about your experiences parenting your child, particularly your experiences accessing and using mobility equipment for your child. .

RESEARCH STUDY

www.newcastle.edu.au

We are looking for parents or carers who:

- Live in rural parts of Australia
- Have a child (aged 18 or younger) with mobility issues
- The child's condition was present from birth or early development

Your participation in this research will not affect your access to services, and all information you provide remain confidential.

If you are interested in participating or would like more information, please scan the QR code or contact the research team on the details below.
